Collection 2025

INTRODUCTION

American SafetyPowerToolLimited(ASPT),established in 2012, is a leading manufacturer andsupplierofhigh-qualityPersonalProtectiveEquipment (PPE). Our product range includes reflective andnon-reflectivecoveralls,worker uniforms, flame retardant workwear , disposable gowns, leathersafetygloves, weldinggloves, working gloves, and masks.

With our head office in Dubai, UAE, and a state-of-the-art factory in Karachi Export Process - ing Zone, we leverage government export exemptions to deliver top-notch products world- wide, ensuing customer satisfaction every step of the way.

This leading position drives us to maintain our superiority. The main focus of our activities is therefore on the people. We offer them outstanding products. In this spirit, our brand promise.

"Your Safety"

Stands for maximum security at any work environment.

We strive to continuously expand our competencies to improve our operational functions by investing in product portfolio and human capital. Our stylish and dependable products are geared towards complete customer satisfaction and building beneficial long-term relationships with all of our clients.

We serve small, medium & large corporates, private & public sector clients in the safety & security, construction, engineering and mining industry Worldwide.

OUR ACCREDITATION

COMPANY PROFILE

Muhammad Ashraf Qadri
PRESIDENT & CEO

COMPANY OVERVIEW

American Safety Power Tool Limited was incorporated in 2012 as a private limited company. The company is primarily engaged in the business of manufacturing and export of safety work wear, personal protective equipment and disposable masks. Over the years, it has transformed into a leading company in its field. Our factory spans over an area of 100,000 sq. ft. that can accommodate up to 1,200 skilled workers operating up to 14 production lines. Each production line produces 400-450 garments a day. In October 2021, the company has successfully converted its status from Private Limited to Public Limited (Unlisted) Company and plans to get its shares listed on the Pakistan Stock Exchange Limited through IPO. Our company is the first non-banking and non-financial institution, who is certified Shariah Compliant Company of Pakistan. Our factory is situated in the Export Processing Zone Landhi Karachi which gives us an advantage of tax exemptions, rendering our products cost effective and competitive in the international market, our over 95% sales comprises of export sales.

The factory is located in the ultra modern industrial hub of Pakistan Export Processing Zone, (EPZ), Karachi. The EPZ is located just 15 miles from the sea port and airport. The zero tax incentive by the trade zone also enables us to curtail our costs. This helps us to stay price competitive in the international market.

WORKWEAR FEATURES

A pen is an essential part of many workers' daily lives. Most of our garments are fitted with a

pen division for this exact reason, allowing workers to easily access and store their pen as they go about their day.

A bar tack is a series of close, zigzag stitches used to reinforce areas of stress on garments, such as pocket openings, bottom of a fly opening or button holes. This quality feature adds extra durability to our garments.

Our triple stitched seams are fed through a folder by highly skilled and specialized machinists. On most of our garments we use triple stitching on all stress bearing seams to ensure our garments have an added life span.

We use YKK zips, the world's largest zip manufacturer, on most of our garments

An adjustable cuff is an optional feature for extra comfort which allows the cuff to be adjusted to the individual wearer's size.

Visibility is always a priority thus we outer reflective tape on most of our garments

The edges of the button holes are covered with a knot to "gimp" the buttonholes which gives garments superior strength

We use double stitched seams on garment pockets to ensure the garment is durable and has an extended life span

We have a range of garments which have added knee padding to keep the wearer safe in rocking environments.

WORKWEAR

C O L L E C T I O N

RBG 110 Jacket & Trouser Set

- Fabric Type: Durable poly-cotton blend (approx. 240–260 GSM) for rugged industrial use
- Color: European-style blue and grey with reflective accents
- Functional Traits: Multiple pockets, adjustable cuffs, zip with flap & velcro, bar-tacked stress points
- Durability & Comfort: 2" reflective tape on shoulders, arms & legs for visibility, reinforced stitching for long-lasting wear

American Safety Coverall ASC-1278666

- Fabric: Twill, 65% Polyester & 35% Cotton – 240 GSM
- Design: One-piece collar, 2-way brass zipper, multiple utility pockets
- Visibility: 50mm reflective tape on knees, sleeves & shoulders
- Care & Fit: Industrial/home wash friendly, available in Small–4XL
- Use: Ideal for mining, oil fields, factories, mechanics & mor

EUPS 280 Coverall

- Fabric Type: 65% Polyester, 35% Cotton
- Color: Twin-color European design with optional reflectors
- Functional Traits: Multiple chest, side, cargo, and back pockets; No. 5 plastic zipper with cover placket
- Durability & Comfort: 50mm reflective tapes (customizable), wrinkle-resistant fabric, sturdy stitching and closure

Jacket & Trouser EUPS 240

- Fabric Type: 65% Polyester & 35% Cotton, 240 GSM
- Color: Twin-color European design with optional reflective detailing
- Functional Traits:
 - Jacket: 4 chest pockets with plastic zippers, 2 wide side access pockets, 2 flap velcro pockets, No. 5 plastic zipper with cover placket
 - Trouser: 2 swing pockets, mobile pocket, ruler pocket, 2 cargo pockets with flap velcro, 2 back pockets with flap velcro
- Durability & Comfort:
 - 50mm reflective tapes on knees, back, sleeves & shoulders (optional without reflector)
 - Wrinkle-resistant fabric, reinforced stitching, sturdy zippers and buttons for long-lasting wear

P989BL Coverall

- Fabric: Pre-shrunk twill (Cotton/Polycotton), 190–300 GSM
- Design: Elastic waist, nylon zipper, multiple utility pockets
- Comfort: Breathable, sweat absorbent, no fading or piling
- Use: Ideal for mining, factory, mechanic, boiler work
- Sizes & Colors: Small–4XL | Multiple color options available

Twill Cotton (With Tape) Coverall R991

- Fabric: Twill 100% Cotton – 200 GSM
- Design: One-piece collar, 2-way brass zipper, elastic waist with velcro belt
- Pockets: Chest, swing, cargo, back pockets with flap/button closures
- Visibility: 50mm reflective tape on back, knees, sleeves & shoulders
- Use: Ideal for mining, oil fields, factories, mechanics, boiler work
- Sizes: Small – 4XL | Custom logo & label options available

CP 1200 Prime Captain Jacket & Trouser

- Fabric: 100% Cotton – 195 to 200 GSM
- Design: Shirt with chest & waist pockets; Trouser with side, back & cargo pockets
- Comfort: Wrinkle-resistant, fast color, sturdy stitching & buttons
- Use: Ideal for mining, oil fields, factories, mechanics & boiler work
- Sizes & Colors: Small – 4XL | Navy Blue, Sky Blue, Beige

FRPS300 Permanent FR Jacket & Trouser

- Fabric: 100% Cotton – 300 GSM
- Protection: CAT 2 | Arc rating 12.0 cal/cm² | NFPA 70E & 2112 compliant
- Design: Buttoned front, elastic waist inserts, double-stitched seams
- Pockets: Chest, cross, back pockets with buttoned flaps
- Visibility: 50mm reflective tape on knees, arms & shoulders (optional)
- Sizes & Colors: Small – 4XL | Royal Blue, Navy Blue

D592 Doha Twill Cotton Coverall (With Tape)

- Fabric: 100% Cotton – 240 GSM
- Design: One-piece collar, 2-way nylon zipper, elasticated waist
- Pockets: Chest, swing, back pockets with flap/button closures
- Visibility: 50mm reflective tape on knees, sleeves & shoulders
- Use: Ideal for mining, oil fields, factories, mechanics & boiler work
- Sizes & Colors: Small – 4XL | Navy Blue, Sky Blue, Grey, Red, Orange, Beige

F1023 Permanent FR Coverall

- Fabric: 100% Pre-shrunk Cotton
- Protection: Arc rating 12.0 cal/cm², CAT 2, NFPA 70E & 2112 compliant

- Design: Band collar, plastic buttons, chest & sleeve pockets
- Visibility: Reflective tape on chest, back & sleeves
- Comfort: Underarm mesh ventilation for all-day wear
- Use: Ideal for industrial & outdoor environments
- Colors & Sizes: Yellow/Navy, Orange/Navy | S-6XL

Q&Q CVC Flame-Resistant Work Pant

- Same fire protection & comfort
- Strong stitching at stress points
- FR properties last lifetime
- Certified: WRAP, ISO, BSCIL

FR Winter Jacket

-- Fabric: 295 GSM Cotton, Flame-Resistant & Antistatic

- Size: S to 5XL

- Color: Navy Blue

Features

- Quilted for warmth

- Stylish graphics on shoulders

- Multiple secure pockets

- Zipper + Velcro closure

- Stand collar for neck protection

FR Winter Trouser WT

- Fabric: 300 GSM, Flame-Resistant + Antistatic

- Color: Navy Blue

- Standard: EN ISO 11612

Features

- Reflective tape on knees

- Brass button + metal zipper

- Multiple pockets (front & back)

- Thermal insulation for cold weather

- Durable stitching for long use

Body Warmer (Sleeveless Jacket)

- Fabric: 100% Polyester PVC Coated (280gsm)
- Lining: 210T Taffeta + 200gsm padding
- Colors: Navy Blue / Black
- Sizes: S to 4XL
- Protection Level: EN343 (Class 3 & 1)

⚙️ Features

- Waterproof & insulated
- Multiple pockets (inside & outside)
- High neck + elastic armholes for warmth

FR Inherent Coverall

- Fabric: LENZING, MODACRYLIC, ARAMID, ANTISTATIC
- Sizes: XS to 5XL
- Protection: Flame & Arc Resistant (Arc Rating: 2)

⚙️ Features

- Breathable & soft
- Adjustable waist
- Reflective strips
- Bar-tacked stress points

TROUSER

C O L L E C T I O N

Tiger Working Trousers with Holster Pockets

Code: JN 101

Fabric: Heavy Canvas

Color: Black with Gray Contrast

Size:

Waist: 30" to 42"

Leg: Short (29"), Regular (31"), Tall (33")

Features

- Triple Stitched on all main seams for ultimate strength
- Multiple Pockets, including two side and two rear pockets
- Holster pockets with tool loops
- Knee Guard system to keep you knee pad in place
- Hi-Vis Reflective piping
- Heavy duty non-scratch fixing stud on waistband
- Functional D-Ring & Tool Holders
- Easy knee pad insertion & removal
- YKK Zip Fly

Rabbit Working Trousers with Holster Pockets

Code: JN 102

Fabric: Heavy Canvas

Color: Gray with Black Contrast

Size:

Waist: 30" to 42"

Leg: Short (29"), Regular (31"), Tall (33")

Features

- Contemporary design with an ergonomic cut
- Durable soft Poly-Cotton canvas for high performance and Maximum wearer comfort
- Adjustable hem to accommodate all leg lengths
- Innovative design and making provides excellent comfort and flexibility
- Triple-stitched seams for extra durability
- Multiple pockets for ample storage
- Crotch gusset to reduce stress and prevent seam failure
- Two tier knee pad pockets allowing two positioning options

Deer Working Trousers with Holster Pockets

Code: JN 103

Fabric: Heavy Canvas

Color: Black

Size:

Waist: 30" to 42"

Leg: Short (29"), Regular (31"), Tall (33")

Features

- Durable fabric for high performance and maximum wearer comfort
- Adjustable hem to accommodate all leg lengths
- Reinforced panels in high wear areas for maximum durability
- Triple-stitched seams for extra durability
- Multiple pockets for ample storage Double rule pocket
- Top-loading knee pad pockets for quick and easy access
- Two back patch pockets
- Hammer loop for secure storage of work tools
- D-ring for keys or ID cards
- YKK Zip Fly

Cheetah Working Trousers with Holster Pockets

Code: JN 104

Fabric: Heavy Canvas

Color: Black

Size:

Waist: 30" to 42"

Leg: Short (29"), Regular (31"), Tall (33")

Features

- Multi-Functional hard wearing Trouser
- Triple stitched on all seams for ultimate strength
- Multiple pockets, including two front and two rear pockets.
- Holster pockets for easy access to tools, nails and screws
- Knee Guard system to keep your knee pad in place
- High Visibility Reflective Piping
- Heavy duty non-scratch fixing stud on waistband
- Functional D-Ring & Tool Holders
- YKK Zip Fly

Chino Working Trousers with Holster Pockets

Code: JN 105

Fabric: Poly Cotton Twill

Color: Black

Size:

Waist: 30" to 42"

Leg: Short (29"), Regular (31"), Tall (33")

Features

- Designed with functional work-wear with a fashioned edge
- Triple stitched on all main seams for ultimate strength
- Multiple pockets, including side and two rear pockets
- Pockets, Practical for screws and nail, can be placed into the wide
- Italian pockets.
- Side panel design doe superior weight distribution
- Knee Guard system to keep your knee pad in place
- Unique sewn in center crease-causes on wearer discomfort
- Heavy duty non-scratch fixing stud on waistband

HI-VIS

HI-VIS Safety VEST

- Fabric: 100% Polyester – lightweight, breathable, and durable
- Design: Zipper front closure, multi-pocket layout, reinforced stitching
- Visibility: ANSI/ISEA 107-2015 Class 3 compliant with dual-tone reflective tape
- Comfort: Built for long shifts with breathable material and easy movement
- Use: Ideal for construction, traffic control, emergency response, and industrial work
- Sizes & Color: S–3XL | Bright orange with yellow reflective accents

HI-VIS Safety Two VEST

- Fabric: 100% Polyester – lightweight, breathable, and durable
- Design: Zipper front closure, multi-pocket layout, reinforced stitching
- Visibility: ANSI/ISEA 107-2015 Class 3 compliant with dual-tone reflective tape
- Comfort: Built for long shifts with breathable material and easy movement
- Use: Ideal for construction, traffic control, emergency response, and industrial work
- Sizes & Color: S–3XL | Bright orange with yellow reflective accents

Shread Neck Hooded Performances long sleeve

- Fabric Type: 100% microfiber polyester,
- Color: High-visibility Neon yellow
- Functional Traits: Moisture-wicking, breathable, lightweight
- Durability & Comfort: Long-lasting wear with soft, comfortable feel

Shread Neck Hooded Performances long sleeve

- Fabric Type: Breathable bird's eye fabric with moisture-wicking properties
- Color: High-visibility yellow and orange with reflective tapes
- Functional Traits: Hoodie, long sleeves, multifunctional chest pocket
- Durability & Comfort: Long-lasting wear with soft, comfortable feel,

5 x 1 Parka Jacket

- Outer Jacket: PU-coated Oxford fabric, stain-resistant, multiple pockets
- Inner Jacket: Mesh + fleece lining for warmth
- Visibility: Dual silver reflective tape
- Design: Adjustable hood & cuffs, storm flap
- Sizes & Colors: M-5XL (Yellow/Navy), S-6XL (Orange/Navy)

High-Visibility Raincoat

- Design: Hood with drawstrings, front button closure
- Visibility: Reflective stripes on chest, arms & shoulders
- Protection: Ideal for rain, low-light & outdoor work conditions
- Use: Construction, roadside, industrial & warehouse environments
- Fit: Unisex | Multiple sizes available

3X1 High Visibility

Waterproof Jacket

- Fabric Type: 100% Polyester Oxford – tear and abrasion-resistant
- Color: High-visibility orange with reflective safety strips
- Functional Traits: Double jacket system, detachable sleeves, and vest option for adaptable wear
- Durability & Comfort: Waterproof design with flexible layering for all weather conditions

Winter Parka

Extreme Warmth and Durability

- Fabric Type: Heavy quilt lining for superior insulation
- Color: High-visibility bright orange with reflective strips
- Functional Traits: Removable hood, multiple storage pockets, safety-enhancing design
- Durability & Comfort: Industrial-grade construction built for harsh environments

Q&Q Class 3 Safety Hoodie

High Visibility with maximum comfort

- Fabric Type: 7.6-oz. 100% polyester fleece
- Color: High-visibility orange with 2-inch silver reflective tape and contrasting trim
- Functional Traits: Zip-up front, hood with drawstring, two lower pouch pockets, one chest pocket
- Durability & Comfort: ANSI/ISEA 107-2015 Class 3 Type-R compliant with soft fleece inner shell for warmth and all-day comfort

Q&Q Class 3 Safety Hoodie

High Visibility with maximum comfort

- Fabric Type: 7.6-oz. 100% polyester fleece
- Color: High-visibility orange with 2-inch silver reflective tape and contrasting trim
- Functional Traits: Zip-up front, hood with drawstring, two lower pouch pockets, one chest pocket
- Durability & Comfort: ANSI/ISEA 107-2015 Class 3 Type-R compliant with soft fleece inner shell for warmth and all-day comfort

Parka Jacket

- Fabric: 100% Polyester with PU Coating
- Design: Adjustable cuffs, drawstring waist, storm flap, multiple pockets
- Protection: Water & wind resistant, anti-abrasion build
- Visibility: High-vis colors with reflective tape for low-light safety
- Use: Ideal for construction, road crews, emergency & industrial work
- Sizes & Colors: S-3XL | Yellow/Navy, Orange/Navy, Purple/Navy

High-Visibility Reflective Bomber Jacket

- Fabric: Durable 300D Oxford shell with waterproof PU coating
- Design: Full zip with storm flap, concealed hood, adjustable cuffs, multiple pockets

KN-1211

Flat-fold disposable respirator with its innovative design helps provide comfortable, reliable worker protection against non-oil based particles.

- Efficient filtration: Filtering at least 95% of dust, haze droplets, etc
- GB2626-2006 Standard, non-medical respirator.
- 5-layer purification: melt-blown non woven, moderate thickness for particle absorption, double layered electrostatic filter, and highly efficient at filtering particles.
- Breath with nose: advanced non woven fabric provides easier breathing.
- Ergonomic design: comfortable to wear, low impedance filter material with no odor.
- Securely sealed: adjustable metal nose clip strip ensures optimal sealing between the bridge of the nose and the mask.
- 5 masks per sealed bag
- For non-medical use.

N95 Mask

N: This is a Respirator Rating Letter Class. It stands for "Non-Oil" meaning that if no oil-based particulates are present, then you can use the mask in the work environment. Other masks ratings are R (resistant to oil for 8 hours) and P (oil proof).

95: Masks ending in a 95, have a 95 percent efficiency. Masks ending in a 99 have a 99 percent efficiency. Masks ending in 100 are 99.97 percent efficient and that is the same as a HEPA quality filter.

Material: The filtration material on the mask is an electrostatic non-woven polypropylene fiber.

Valve: Some disposable N95 masks come with an optional exhalation valve.

"The presence of an exhalation valve reduces exhalation resistance, which makes it easier to breathe (exhale)," according to the CDC.

General Information

AAMI Level (1, 2 & 3) gown for non-surgical uses, primarily for use as isolation gowns. A polyethylene film gown. The gowns have completed strength and barrier testing and conform with ASTM and ANSI standards. They are labeled in compliance with FDA guidance on non-surgical apparel.

Product Description

- Standard thumb loop isolation gown with great protection
- Fabric: Polyethylene Material
- Color: Blue
- Design: Single piece

Main Characteristics

- Lightweight polyethylene gown for clinical and laboratory settings
- Disposable single use gown
- Embossed finish for improved comfort
- Ultrasonically or heat sealed for optimal barrier protection
- Size: Universal
- Full-length wraparound with over the head style neck and dual side ties for best fit, easy & quick donning and doffing.
- Thumb loop on sleeve by wrist to keep cuff under glove and prevent sleeves from sliding up
- Made in PAKISTAN

Intended Use

- For use in clinical and laboratory settings
- Intended to protect from the transfer of microorganisms and bodily fluids in low or minimal risk patient isolation situations
- Not intended for high risk surgical procedures, or where the risk of contamination is high

Compliance

- Conforms with ANSI/AAMI PB70 Level 2 protection Packaging
- Each gown is individually folded and packaged into a bag
